I/we request that this land Open Space Land Farm & Agricultural Land Timber Land and I am/we are aware of the land use classifications defined in this section (A).

I/we are aware that the removal or withdrawal of land from the Open Space, Farm & Agricultural Land, or Timber Land may result in additional tax, penalty, and interest as detailed in #4 of this section.

1. OPEN SPACE LAND MEANS EITHER:

- a. any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly; or
- b. any land area, the preservation of which in its present use would: (i) conserve and enhance natural or scenic resources; (ii) protect streams or water supply; (iii) promote conservation of soils, wetland, beaches, or tidal marshes; (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space; (v) enhance recreation opportunities; (vi) preserve historic sites; (vii) preserve visual quality along highway, road, and street corridors or scenic vistas; or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification; or
- c. any land that meets the definition of farm and agricultural conservation land. "Farm and agricultural conservation land" is either; (i) land that was previously classified as farm and agricultural land under RCW 84.34.020(2) that no longer meets the criteria and is reclassified as open space under RCW 84.34.020(1); or (ii) land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and has a high potential for returning to commercial agriculture.

2. FARM AND AGRICULTURAL LAND MEANS EITHER:

- a. any parcel of land or contiguous parcels of land that are 20 or more acres: (i) devoted primarily to the production of livestock or agricultural commodities, for commercial purposes; or (ii) enrolled in the federal conservation reserve program or its successor administered by the United States Department of Agriculture; or (iii) other similar commercial activities as may be established by rule; or
- b. any parcel of land or contiguous parcels of land that are at least five acres but less than twenty acres devoted primarily to agricultural uses which has:
Produced a gross income equal to two hundred dollars or more per acre per year for three out of the five calendar years preceding the date of application for classification under chapter 84.34 RCW;
Standing crops with an expectation of harvest within seven years and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous year; or
Standing crops of short rotation hardwoods with an expectation of harvest within fifteen years and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous year;
For the purposes listed above, "gross income from agricultural uses" includes, but is not limited to, the wholesale value of agricultural products donated to nonprofit food banks or feeding programs;
- c. any parcel of land less than five acres devoted primarily to agricultural uses which has produced a gross income equal to fifteen hundred dollars or more per year for three out of the five calendar years preceding the date of application for classification under chapter 84.34 RCW;

"Commercial agricultural purposes" means the use of land on a continuous and regular basis, prior to and subsequent to application for classification or reclassification that demonstrates that the owner or lessee is engaged in and intends to obtain through lawful means, a monetary profit from cash income by producing an agricultural product. In addition, commercial agricultural purposes include the following uses of agricultural land:

54275

- Land, one to five acres which is not contiguous (in this context, means non adjoining/touching) to a classified parcel, that constitutes an integral part of the farming operation being conducted on the land qualifying as "farm and agricultural land."
 - Land, not to exceed twenty percent of classified land, that has incidental uses compatible with agricultural purposes, and also the land on which appurtenances necessary to the production, preparation or sale of the agricultural products exist in conjunction with the lands producing such products.
 - Land used primarily for equestrian-related activities, for which a charge is made, including, but not limited to, stabling, training, riding, clinics, schooling, shows, or grazing for feed.
 - Land on which the principal place of residence of the farm operator or owner of land or housing for employees is sited if the farm and agricultural land is classified pursuant to RCW 84.34.020(2)(a), if the residence or housing is on or contiguous to the classified parcel, and the use of the residence or housing is integral to the use of the classified land for agricultural purposes.
 - Any land primarily used for commercial horticultural purposes, whether under a structure or not. Land cannot be primarily used for the storage, care, or selling of plants purchased from other growers for retail sale or covered by more than 20 percent pavement if the primary use is growing plants in containers. If the primary use of the land is growing plants in containers and the land used for this purpose is less than five acres, the land will not qualify for classification if more than 25 percent is open to the general public for on-site retail sales.
3. **TIMBER LAND MEANS** any parcel or contiguous parcels of land five or more acres devoted primarily to the growing and harvesting of forest crops for commercial purposes. FOREST LAND is synonymous with designated forest land and means any parcel of land or contiguous parcels of land at least five acres that is primarily devoted to and used for growing and harvesting timber and means the land only.

I/we declare that I am/we are aware of the liability of removal of this land from designated forest land and upon removal a compensating tax will be imposed that is equal to the difference between the amount of tax last levied on the land as "forest land" and an amount equal to the new assessed valuation of the land as of January 1 of the year of removal, multiplied by the dollar rate of the last levy extended against the land, multiplied by a number, not greater than nine, equal to the number of years the land was designated as forest land. Compensating tax will also be due on the land from January 1 of the year the designation is removed up to the removal date.

The compensating tax will not be imposed if the removal of designation resulted solely from:

- a. transfer to a government entity in exchange for other forest land located within the state of Washington;
- b. a taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of this power based on official action taken by the entity and confirmed in writing;

At such time as the land is not used for the purposes enumerated, the compensating tax will be imposed upon the current owner;
- d. the sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;
- e. official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of the land;
- f. the creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;
- g. the creation, sale, or transfer of a conservation easement of private forest lands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;
- h. the sale or transfer within two years after the death of an owner with at least a fifty percent interest in the land if the land has been continuously assessed and valued as designated forest land under chapter 84.33 RCW or classified under chapter 84.34 RCW since 1993 and the individual(s) or

entity(ies) receiving the land from the deceased owner is selling or transferring the land. The date of death shown on a death certificate is the date used;

- i. the discovery that the land was designated in error through no fault of the owner; or
- j. A transfer of a property interest, in a county with a population of more than six hundred thousand inhabitants or in a county with a population of at least two hundred forty-five thousand inhabitants that borders Puget Sound as defined in RCW 90.71.010, to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the land is not used for the purposes enumerated, the compensating tax will be imposed upon the current owner.
- k. Compensating tax authorized in this section may not be imposed on land removed from designation as forestland solely as a result of a natural disaster such as a flood, windstorm, earthquake, wildfire, or other such calamity rather than by virtue of the act of the landowner changing the use of the property.

The agreement to tax according to use of the property is not a contract and can be annulled or canceled at any time by the Legislature (RCW 84.34.070).
